

12 October 2010

Dear Sir, Madam,

Mr. Francesco Mendicino worked as the Project Manager for Arredamenti Porto during the entire construction of the 43mt Baglietto M.Y. Ancora.

He admirably performed and executed our goals following every detail of the project and has a number of strengths and skills to offer any employer. I highly recommend Francesco, as his contributions will be an empowering benefit to any company.

Please feel free to contact me to discuss Francesco's skills, if necessary.

Sincerely Yours,

Pino G Di Mora
